The VRK is a great unit for independent blasting and rapid deployment. With a built in air dryer there is no need for power supplies or an separate dryer - saving thousands. The unit can be wheeled by one person. A compact design and quiet operation mean it is not obtrusive in public spaces. The unit has outlets for both Ibox 25 and Ibox 9 blasters, and if run simultaneously they maintain 6 bar plus with continuous performance.

## FEATURES

- super silent motor, screw compressor
- built-in compressed air dryer/cooling system
- automatic condensate separator and discharger
- low fuel consumption
- compact design and super manoeuvrable
- easy start, automatic engine speed for reduced fuel consumption
- matched to power the Ibox 25 blaster, plus Ibox 9 if required.
- 24-month warranty
- diesel version also available
